#### **Narrative Summary:**

**MARATHON ASHLAND PETROLEUM, LLC, GARYVILLE, LA:** A Consent Agreement and Final Order (CAFO) was filed on October 3, 2000, which closes the CAA Complaint and Notice for Opportunity for Hearing (Complaint) issued May 5, 2000. The Complaint alleged that Marathon Ashland Petroleum, LLC violated specific condition 5 of their Louisiana air permit by exceeding the gasoline and fuel oil throughput of the storage tanks at its Garyville, LA distribution terminal. Marathon agreed to pay a penalty of \$41,580.

**TOWN OF VINTON ELECTRIC UTILITY, VINTON, LA:** A Consent Agreement and Final Order (CAFO) was filed on November 22, 2000, which closes the TSCA PCB Complaint and Notice of Opportunity for Hearing (Complaint) issued June 27, 2000. The Complaint alleged that the Town of Vinton improperly disposed of PCB-contaminated soil, failed to properly mark and store PCB Items, and failed to notify EPA of its PCB waste management activities as required by 40 C.F.R. Part 761. The Town of Vinton has agreed to pay a civil penalty of \$14,551.00 and perform a SEP for \$143,000.00. The SEP involves the identification and removal of transformers that have a PCB concentration of 50 ppm or greater. Specifically, Respondent will identify and inspect 722 transformers and dispose of those having a PCB concentration of 50 ppm or greater. The SEP will be completed in two years and six months.

#### **WILLAMETTE INDUSTRIES JUDICIAL SETTLEMENT in**

**DODSON, LILLIE, RUSTON, SUREPINE, AND ZWOLLE, LA:** On November 2, 2000, the U.S. District Court for the District of Oregon entered a Consent Decree resolving allegations and addressing Clean Air Act and State Implementation Plan violations at over 12 wood products manufacturing plants in the states of Arkansas, Louisiana, Oregon and South Carolina. The Consent Decree ordered Willamette Industries to pay a civil penalty of \$11.2 million, spend an additional \$8 million in supplemental environmental projects (SEPs), and install advanced air pollution control technology, costing an estimated \$74 million, on 31 units at 13 facilities in the four states. The Region 6 breakdown of the penalties and orders imposed are: settlement amount for the eight facilities = \$3,086,241.14; SEP amount for Region 6 facilities = \$3,553,000; injunctive relief (compliance activity) = \$39,375,000. This is a landmark Clean Air Act settlement resulting from EPA's National Wood Products Initiative, which was begun in 1990.

**TOWN OF YOUNGSVILLE, LA:** The Town of Youngsville, LA, has settled an Administrative Penalty with the EPA for violations of its NPDES permit. The Consent Agreement was finalized and signed by EPA on December 19, 2000, and requires the Town to pay a \$26,000 administrative fine in three installments. The Town is permitted to discharge treated sanitary and commercial wastewater from wastewater treatment facility subject to the requirements of NPDES permit No. LA0055328.
